IsatPhone 2 Firmware Version 02.00.03

David Jones - 2015-10-13 - 0 Comments - in How-To

Roadpost recommends updating your IsatPhone 2 with firmware version 02.00.03 before August 2017 to prevent service interruptions.

To upgrade your phone, you will need to download the following files:

1. IsatPhone 2 firmware upgrade tool (update instructions included in file): [DOWNLOAD](#)
2. IsatPhone 2 USB drivers: [DOWNLOAD](#)
3. IsatPhone 2 firmware version 02.00.03 [DOWNLOAD](#)

Firmware update tool instructions: [ENGLISH/FRENCH](#)

Firmware release notes: [IsatPhone 2 FW 02.00.03](#)

Note: The firmware update utility is not compatible with Mac OSX.
