IsatPhone Pro Firmware Version 5.17.2

David Jones - 2015-10-13 - 0 Comments - in How-To

Roadpost recommends updating to IsatPhone Pro firmware version 5.17.2 before August 2017 to prevent interruptions in service.

To upgrade your phone, you will need to download the following files:

1. IsatPhone Pro firmware update tool: [DOWNLOAD](#)
2. IsatPhone Pro USB drivers: [DOWNLOAD](#)
3. The IsatPhone Pro firmware version 5.17.2 file: [DOWNLOAD](#)

Instructions for using the firmware update tool: [English](#) / [French](#)

Firmware release notes: [IsatPhone Pro v5.17.2 Release Notes](#)

Note: The firmware update utility is not compatible with Mac OSX.
