

Understanding your Roadpost Invoice

Bill Gabay - 2016-03-16 - 0 Comments - in Billing & Invoices

Understanding your Roadpost Invoice

- 1 Account Details**
 This section includes your Account Number, Company Name (if applicable) and Billing Address. It will also show the Invoice Number, your Invoice Date as well as the Total Amount owing and when it is due.
- 2 Account Summary**
Previous Balance is the amount owed from the previous billing period.
Adjustment is a credit or debit applied to your account.
Balance Forward is an unpaid amount carried over from the previous billing period.
Charges for Services are the total charges for the current period, which may include charges from phone rentals, prepaid services, monthly subscription plans, network usage, activation fees, and value-added services. Hardware purchases and shipping charges during the same billing period will also be included in this total.
Total Due is the amount owed on the invoice including taxes.
- 3 Late Fees**
 A 1.5% Late Payment Fee per month will apply to unpaid balances.
- 4 Invoice Help Guide**
 The link to this helpful article and our Frequently Asked Questions (FAQ) page.

Frequently Asked Questions

1. How can I pay my Roadpost bill?

Preauthorized monthly payments are automatically taken from the valid credit card that is associated with your Roadpost account. If you would like to make a one-time payment and update your account balance, please call Customer Care at 1.888.290.1616 (for North America) or 416.253.4539 (outside North America).

2. When is my bill due?

Your monthly invoice is generated on your Bill Date which is the first day of your billing cycle. Payments are due by the due date specified on the first page of your invoice.

3. What do amounts in brackets mean?

Amounts that show in brackets or parenthesis on your invoice denote a payment made or credit applied.

4. Are all my charges billed from the same period?

Subscription plans are billed a month in advance while network usage (i.e. calls and text messaging) on the same invoice is based on the previous month. For example, a Roadpost invoice may show a subscription charge for the new bill period November 7 to December 6, but the usage billed would be from the October 7 to November 6 cycle. Phone Rentals, on the other hand, are billed in arrears with an invoice generated at the end of every bill cycle or when the rental has ended, whichever comes first.

5. Why are there “partial” charges on my bill?

Prorated charges will occur when the account holder changes their plan OR suspends* their service in the middle of a billing cycle. In this situation, you will see prorated charges (and credits) for both the old and new plans (including seasonal suspension). Proration will also apply when a new service is added to an existing account.

*Seasonal Suspension is only available to Iridium postpaid subscriptions.

Frequently Asked Questions

6. Why do I see some Usage transactions with \$0 charges while others show an amount owed?

If you have purchased a plan that includes bundled minutes, once consumed, the usage within the same period will be charged based on these plans' usage overage rates.

7. Why do I see a "USF" charge on my Roadpost US invoice?

The Universal Service Fund (USF) is a mandatory charge that is administered by the Universal Service Administrative Company (USAC) and applies to all telecom service providers (including [Roadpost](#)) who provide telecom services to US customers. For more information on the USF, please visit this link by the US Federal Communications Commission (FCC): <https://www.fcc.gov/general/universal-service>

8. Why do I see the country where I am calling to and from except when that country is the US or Canada?

Your Call Details uses Country Codes to determine where you made a satellite phone call. Since the US and Canada both use the Country Code "1", the location instead will show "North America".

9. What timezone do my call Call Details follow?

Iridium call details use Local Time while [GeoPro](#) uses UTC (Coordinated Universal Time).

10. Where are my usage details for my prepaid service?

Details of your call and text usage are not available when using Prepaid services.

If you still have questions regarding your invoice, please call us at 1.888.290.1616 (for North America) or 416.253.4539 (outside North America) between Monday to Friday 9-6 EST) or email us at customer@roadpost.com. You may also reach us via online Chat at www.roadpost.ca or www.roadpost.com.
