## Iridium GO! Firmware Version 1.5.2

2017-10-23 - David Jones - 0 Comments - in Announcements

Iridium has recently released Iridium GO! firmware version 1.5.2. The update provides minor improvements. The update is non-critical, so customers are urged to update at their own convenience. The benefits along with the upgrade steps can be found here: <http://support.roadpost.com/kb/articles/384>
