## Adding New Mobile App License(s) using Account Management [GPv3]

Lu Parente - 2016-08-25 - in [Account Sign-Up](#)

Adding a new license using the **Account Management** section allows Administrators to add **Mobile App licenses, inReach licenses, Monitor Licenses** and additional **Administrator licenses**. All of the licenses activated and added to your account in real-time.

This article explains how to add a new **Mobile App license**.

**Note:** The Account Management section can be access directly from the **Options** menu in the GeoPro web app or by navigating to <https://account.geoprosolutions.com/> and entering your Administrator credentials.

1. To add a new mobile app license, navigate to the **Manage License(s)** tab and select **Add new license(s)**.

Welcome, GeoPro Administrator! [Log Out](#)
