Creating a contact group on the IsatPhone Pro & IsatPhone 2

David Jones - 2017-03-28 - in How-To

Follow the steps below on how to create a contact group on the IsatPhone Pro & IsatPhone 2.

Solution: Create a Contact Group

1. Press the "Contacts" key.
2. Highlight "Groups" and press the "Select" key.
3. Press the "Options" key.
4. Highlight "Create new" and press the "Select" key.
5. Type in a group name and press the "OK" key.
6. Highlight the group name from "Groups" list and press the "Options" key.
7. Highlight "Open" and press the "Select" key.
8. Press the "Options" key.
9. Highlight "Add member" and press the "Select" key.
10. Highlight a contact and press the "Add" key.
