## Downloading GRIB Files with the Iridium GO!

David Jones - 2015-07-22 - in How-To

The best way to obtain a GRIB file is by using an approved Iridium GO! third party app.

Iridium maintains a growing list of compatible third party apps

here: <https://www.iridium.com/IridiumApps.aspx>. Please keep in mind that some apps may require a one-time fee or an ongoing monthly subscription. Roadpost will not provide any technical support for third party apps. Support will be provided by the app vendor.
