Iridium Direct Internet Update

David Jones - 2020-10-16 - in [Iridium](#)

All existing users of Direct Internet must upgrade to the latest version of Direct Internet by Riverbed Steelhead Mobile in order to continue service. Existing copies of Direct Internet MUST be uninstalled before proceeding with the instructions below.

Important note: Direct Internet is compatible with Windows 7, Windows 8/8.1, and Mac OSX. Windows 10 is not supported.

The Direct Internet software can be downloaded from Iridium's website at the link below:
