Retrieving text messages on Iridium 9555

David Jones - 2014-04-24 - in How-To

Follow the steps below on how to retrieve text messages on the Iridium 9555.

Solution 1: Access new Text Messages sent to the phone

1. When you receive a new message, you will see "New SMS, Read Now?"
2. Press "Yes" and continue with step 3 or press "No" to read the message later

Solution 2: Access old Text Messages sent to the phone

1. If you wish to look at saved text messages then press "Menu"
2. Scroll to "Messages" and press "Select"
3. Scroll to "Inbox" and press "Select"
4. Use the arrow keys to move forward through a message one screen at a time
5. Press "Read" to access options for that entry

Solution 3: Access outgoing Text Messages

1. If you wish to look at text messages that you have sent out then press "Menu"
2. Scroll to "Messages" and press "Select"
3. Scroll to "Outbox" and press "Select"
4. Use the arrow keys to move forward through a message one screen at a time
5. Press "Read" to access options for that entry
